

SPEED STARS RACE ASSESSMENTS

Speed Stars Race Assessments are a visual representation of each horse's assigned rating using **known performance capabilities** based on unique Speed Ratings:

- Early Speed capability of each horse from the start to the 400m
- Late Speed capability of each horse over the last 400m
- Overall Speed Quality as a measure of horse class and ability

Assessments include an Early and Late Speed Chart along with an Overall Horse Assessment and rated price for comparison with the market to find profitable betting opportunities. All ratings are created using actual horse performance levels with practical forecasting of improvement and regression as directed by the data.

The Early and Late speed figures in the charts represent the base rating for each horse that we use as a starting point with bonuses and penalties applied to the overall assessment based on how each horse is currently performing. The figures are considered a guide only as there are so many factors in a race that can influence the early and late speed of each horse.

The Early and Late Speed Charts can be used throughout the day to find horses that may be advantaged if there is a bias or pattern identified at a particular track.

Each 1 rating point is equivalent to 1L and normalised across all distance ranges, this is done as 1 length is not treated equally across all distances. Shorter races will tend to yield higher ratings than longer distances as it is harder to run faster over longer distances.

The Rated Price for each horse is based on their assigned Speed Rating and should be used as a guide to compare to the market. The race assessment service means that you have all the information you need to make informed choices and can use it to invest throughout the day on races where you believe the best options are to end the day in profit.

Focusing on the Possible Betting Strategies nominated for each race is a good starting point for Win bets, Lay bets and Place bets, however the simple traffic light system means that horses highlighted Green have a higher assessed chance of winning based on their assigned Speed Rating.

Highest Assessed Horses

BETTING OPTIONS

Along with our key speed-based information, we provide potential betting options that our members can use to find a profitable edge including:

- Top 4 for each race (can be used for Quaddie selections)
- Standout Selection for the race if we determine a horse has a Very High chance of winning
- Lay Betting opportunities if we feel the market has overrated a horse's chances
- Place betting opportunities if we see horse at good odds that should run a place
- Best Win Bet for the Meeting
- Best Lay Bet for the Meeting (only if a true False Favourite is identified)
- Best Place Bet for the Meeting

MEETING INFORMATION

Eagle Farm - Saturday, 11 June 2022

Rail Position: 4m Entire Course
Track Condition: Good 4
Meeting Comment: Fine and sunny day with a Good 4 track, the track has been assessed as fair.

BETTING STRATEGY OPTIONS

Plenty of good races today for Stradbroke day, most races have been assessed as **Average-Good** speed quality data.

Best Win Bet: **Race 9 #15 Najmaty**
She has been in super form since resuming and her ratings have been far superior, if she can run a similar performance here we expect her to win.

Best Place Bet: **Race 8 #5 Alligator Blood**
An excellent run when resuming made him a horse to follow, had he drawn a barrier here he would easily be well into single figures. We are counting on a good ride to get him into position to be in the finish.

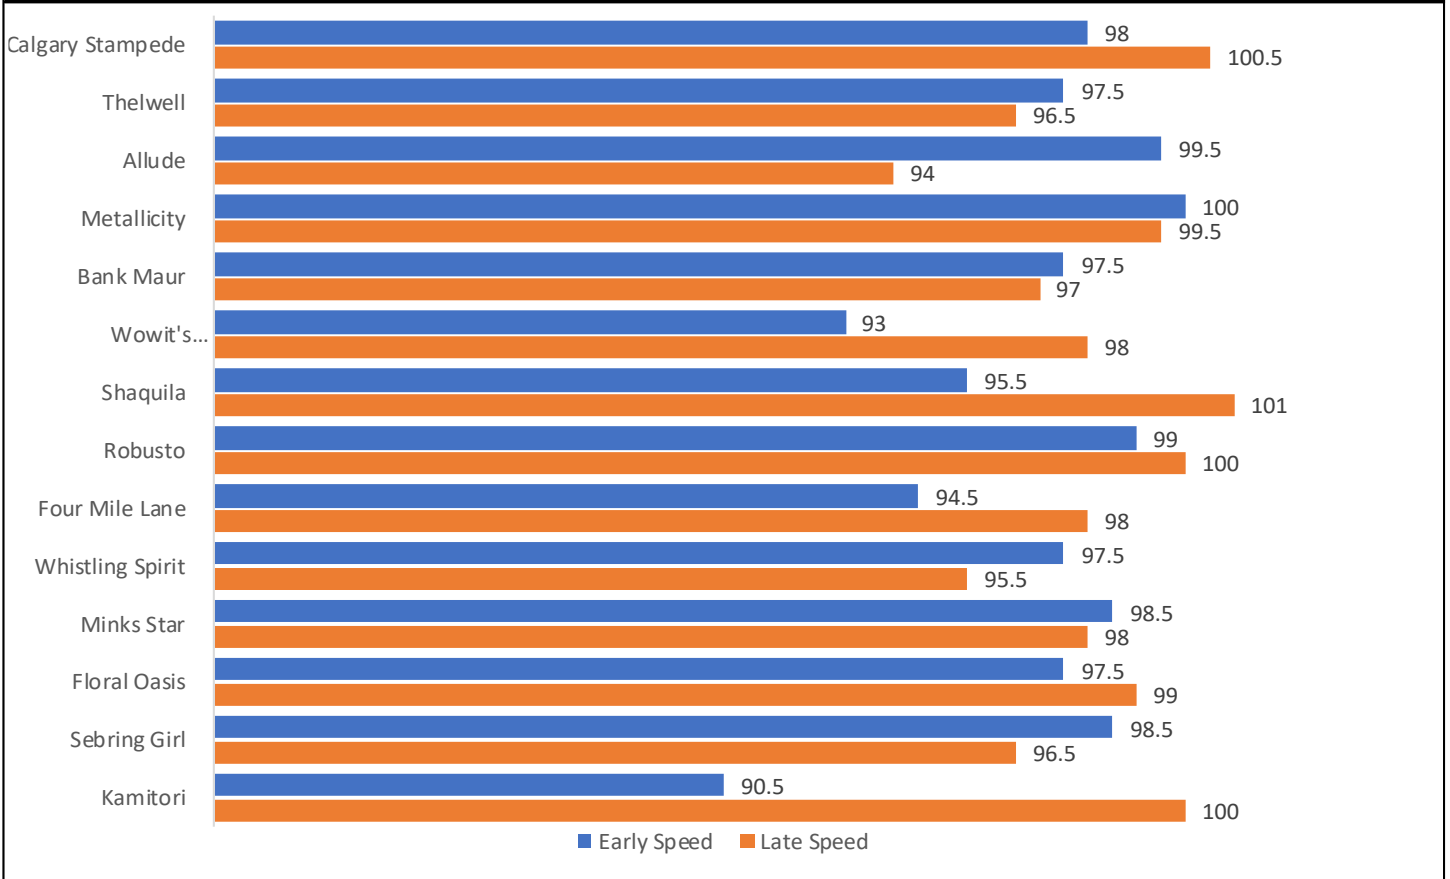

Best Lay Bet: **N/A**
No nominated lay bets, please use the data supplied to make your own lay betting decisions.
