WINN1NG EDGE INVESTMENTS

SPEED STARS RACE ASSESSMENTS

Speed Stars Race Assessments are a visual representation of each horse's assigned rating using **known performance capabilities** based on unique Speed Ratings:

- Early Speed capability of each horse from the start to the 400m
- Late Speed capability of each horse over the last 400m
- Overall Speed Quality as a measure of horse class and ability

Assessments include an Early and Late Speed Chart along with an Overall Horse Assessment and rated price for comparison with the market to find profitable betting opportunities. All ratings are created using actual horse performance levels with practical forecasting of improvement and regression as directed by the data.

The Early and Late speed figures in the charts represent the base rating for each horse that we use as a starting point with bonuses and penalties applied to the overall assessment based on how each horse is currently performing. The figures are considered a guide only as there are so many factors in a race that can influence the early and late speed of each horse.

The Early and Late Speed Charts can be used throughout the day to find horses that may be advantaged if there is a bias or pattern identified at a particular track.

Each 1 rating point is equivalent to 1L and normalised across all distance ranges, this is done as 1 length is not treated equally across all distances. Shorter races will tend to yield higher ratings than longer distances as it is harder to run faster over longer distances.

The Rated Price for each horse is based on their assigned Speed Rating and should be used as a guide to compare to the market. The race assessment service means that you have all the information you need to make informed choices and can use it to invest throughout the day on races where you believe the best options are to end the day in profit.

The ratings have a simple traffic light system means that horses highlighted Green have a higher assessed chance of winning based on their assigned Speed Rating.

Lowest Assessed Horses ◄――――――――――――――► Highest Assessed Horses

BETTING OPTIONS

We provide our key speed-based information so you can use it to make your own betting decisions throughout the day, along with the information, we offer potential betting options to find a profitable edge including:

- Top 4 for each race (can be used for Quaddie selections)
- Win Betting options for Races where we feel there are betting opportunities for one or more horses
- Best Win Bet for the Meeting

WINN1NG EDGE INVESTMENTS

MEETING INFORMATION

Caulfield - Saturday, 13 August 2022

Rail Position: Out 9m Entire Circuit

Track Condition: Good 4

Meeting Comment: Overcast but hopefully will not see any rain, track should favour leaders and on speed horses.

BETTING STRATEGY OPTIONS

An average meeting with only one race marked as Good speed quality data.

**Best Win Bet:**   **Race 3 #4 She's All Class**
Beaten by the very smart Chain Of Lightning last start when resuming, we expect her to have these covered.

Next Best: **Race 7 #1 Lombardo**
He is the class horse in the race and will get on speed favours, Uncommon James is definitely a threat and a horse on the rise but he may have some trouble making up ground with Lombardo already in the good lanes.
